

Cosmetology

D500100 – 1200 Hours
Human Services Career Cluster

The purpose of this program is to prepare a person for employment as a licensed cosmetologist. Instruction is designed to qualify students for employment upon successfully passing the Florida cosmetology license examination.

Total length of the program is 1200 hours with one exit point upon program completion

OCP A: Cosmetologist – 1200 Hours

- Identify career opportunities.
- Demonstrate the importance of health, safety, and environmental management systems in organizations and their importance to organizational performance and regulatory compliance.
- Employ safe, sanitary and efficient work practices.
- Demonstrate language arts, mathematics, and science knowledge and skills.
- Explain the importance of employability skill and entrepreneurship skills.
- Demonstrate leadership and teamwork skills needed to accomplish team goals and objectives.
- Demonstrate personal money-management concepts, procedures, and strategies.
- Describe the importance of professional ethics and legal responsibilities.
- Describe the roles within teams, work units, departments, organizations, inter-organizational systems, and the larger environment.
- Use information technology tools.
- Solve problems using critical thinking skills, creativity and innovation.
- Use oral and written communication skills in creating, expressing and interpreting information and ideas.
- Demonstrate the practice of performing manicures, pedicures, and apply artificial nails/nail wraps identifying the proper procedure and application of chemicals.
- Perform facials, manipulation and related massage, make-up, hair removal, and artificial lash application. Identify the proper chemical to be prescribed using an understanding of the chemistry that affects the nails and skin that can be described, measured and predicted. Demonstrate proper procedure and application of chemicals.
- Identify shampoo/hair conditioners and scalp treatments. Evaluate scalp and hair needs by analysis, demonstrating an awareness of diseases and disorders. Communicate an understanding of the chemical compositions and reactions of shampoos, conditioners, and rinses with water and each other. Demonstrate an understanding of electrical current, transfer of energy and how it affects the skin. Demonstrate application of shampoo, manipulations and rinsing.
- Identify and perform hair shaping (cutting). Identify and analyze spheres and dimensional shapes using visualization. Illustrate ways in which geometric shapes can be combined, subdivided and changed in performing haircuts on a manikin or client. Communicate an understanding of factors that influence the determination of strategies necessary to meet individual client needs.
- Identify and perform hairstyles. Identify and analyze spheres and dimensional shapes using visualization. Illustrate ways in which geometric shapes can be combined, subdivided and changed in performing haircuts on a manikin or client. Communicate an understanding of factors that influence the determination of strategies necessary to meet individual client needs.
- Identify and prepare hairpieces, wigs and hair attachments. Identify and analyze spheres and
