### ATTENDANCE POLICY

Students are expected to attend scheduled classes. Attendance is always taken.

Punctuality is important!

Failure to attend your scheduled classes will result in points deducted from your Employability grade.

Time missed due to late arrivals and early departures will be counted as absences. A student's total absences **cannot exceed 10%** of scheduled hours per enrollment period.

### GRADING

Grading is the process of applying standardized measurements to students' levels of achievement in a course. A variety of assessment strategies including projects, lab demonstrations, exams, tests, student/teacher conferences and employability scale will be used to determine student progress.

Final Grades are calculated as follows:

- ✓ *Formative Assessment – 10%*
- ✓ *Employability Skills – 15%*
- ✓ *Lab Assessments – 25%*
- ✓ *Summative Assessments – 50%*

## GRADING SCALE

Scale	Percentage	GPA	Interpretation
A	90-100	4.0	Exemplary/Exceeds standard
B	80-89	3.0	Proficient/ Meets standard
C	70-79	2.0	Developing/Approaching standard
D	60-69	1.0	Beginning/Well below standard
F	0-59	0	Insufficient work shown

**Formative Assessments** are 10% of the final grade and should be used as learning opportunities. Examples of formative grades are written assignments and projects.

**Employability Skills Assessments** are 15% of the final grade and reflect time management, preparedness, attitude, promptness, quality of work, and dress.

**Lab Assessments** are 25% of the final grade. They are a measurement of student's hands-on experience which provide an opportunity for students to think about, discuss and solve real world problems.

**Summative Assessments** are 50% of the final grade and are a measurement of what students have learned. Examples include quizzes, projects, and portfolios.
